VENEZIA 1295

## DHAMAR

---

I pinnacoli in colore "affogato" nel cristallo slanciano questa collezione dalla struttura allargata e, insieme ai particolari pendagli e alle sfere sfaccettate, ne fanno un elemento decorativo importante.

*Their colour "sunk" into the crystal pinnacles confer a graceful, slender look to this family of high-profile lamps. Meanwhile, the very unusual shapes of the pendants, complemented by the multifaceted spheres, conjure a compelling decorative effect.*

|                                                                                                                                                                                |                                                                                   |        |   |                                                                                   |    |   |                                                                                    |    |    |     |    |
