ERCOLE

Ispirata a un'idea originale di Ercole Barovier risalente agli anni '40 del Novecento e realizzata con l'allora innovativa tecnica del "rostrato", questa lampada da tavolo è disponibile in due dimensioni differenti: la più grande è provvista di sorgente luminosa anche all'interno della base, con accensione separata.

Inspired by an original idea by Ercole Barovier in the 1940s and created using the "rostrato" technique he had just invented, this table lamp is available in different sizes: the bigger of the two includes an additional light source inside the base, controlled separately.
