## ANGEL

---

*Al Design*

Angel è una spirale di piume di cristallo, che si avvolge su sé stessa con dinamismo, e che fluttua nello spazio come un'ala vaporosa che si dispiega leggera. Ogni piuma è illuminata da led, così come l'attacco a soffitto.

*Angel is a spiral of crystal plumage, which wraps around itself with dynamism and floats in space like a vaporous wing unfolding lightly. Each feather is lit by led, as well as the ceiling connection.*
