TUILERIES

Con una forma moderna resa tradizionale dalla tecnica della “rugiada”, brevettata nel XX secolo da Barovier&Toso, Tuileries è una lampada da parete infinita: la sua perfetta simmetria consente di creare composizioni illimitate di elementi illuminati e non, sempre perfettamente combinati tra loro ed arricchiti dalla struttura metallica spazzolata in un caldo colore bronzo miele. La personalizzazione è massima, consentendo di arrivare a coprire pareti intere, quasi come un rivestimento.

With its modern form made more traditional using the “rugiada” technique, patented in the 20th century by Barovier&Toso, Tuileries is an infinite wall lamp: its perfect symmetry enables the creation of endless compositions of illuminated and non illuminated elements, always perfectly arranged and enriched by the brushed metallic structure with its warm honey bronze colour. The opportunities for personalization are limitless, allowing entire walls to be covered, almost as a sort of luxury paneling.
