VENEZIA 1295

NEW EDEN

Daniela Puppa | Francesca Martelli

New Eden è una valle costellata di fiori e rovesciata sottosopra, che trasforma il concetto di lampadario tradizionale in un corpo chiuso, ricco di riflessi generati dalle decine di fiori in cristallo veneziano lavorato "a mano volante" e disposti su una calotta di metallo bianco; tutti i fiori sono in cristallo trasparente, tranne uno che dà l'accento al paralume che avvolge la lampada e che può essere posizionato ovunque.

New Eden is a valley dotted with flowers that has been turned upside down. It transforms the concept of a traditional chandelier with its closed body which is full of reflections that are generated by dozens of floating "hand-crafted" Venetian crystal flowers arranged on a white metal sphere. All of the flowers are made of transparent crystal, except for one which gives emphasis to the lampshade and can be positioned anywhere.
