VENEZIA 1295

## SAMURAI

*Angelo Barovier*

Angelo Barovier, nel 1966, progettava una lampada con costolature che successivamente è stata ripresa, ingigantita, messa sotto sopra e moltiplicata, fino ad ottenere un oggetto dalle dimensioni generose. Il disegno è caratterizzato da linee piramidali che fanno pensare ad un Samurai in posizione di riposo. Il cristallo veneziano con cui è realizzata è molto massiccio e la sua esecuzione richiede la mano e la forza di un esperto maestro vetraio.

*Angelo Barovier had an idea for a ribbed lamp in 1966. Then his design was revisited, but this time inverted, repeated and created on a giant scale. Its pyramid shape recalls of a Samurai at rest. The Venetian crystal used for this piece is extremely massive, and working it requires the skill and strength of an experienced master glassmaker.*
